The Pulsed Flow-thru Humidifier

This unique electronically pulsed flow-thru humidifier reduces water consumption by up to 80%. The electronic controller pulses the solenoid water supply valve for a period of 2-4 seconds ON and 30 seconds OFF. This allows the evaporator pad to be fully saturated while reducing the water wasted. This unique approach greatly improves the unit performance by allowing a higher average temperature on the evaporator pad, and makes the pulsed flow-thru the most environmentally friendly unit.

Electronic Controller

Electronic controller reduces water consumption by 80% compared to conventional flow-thru humidifiers.

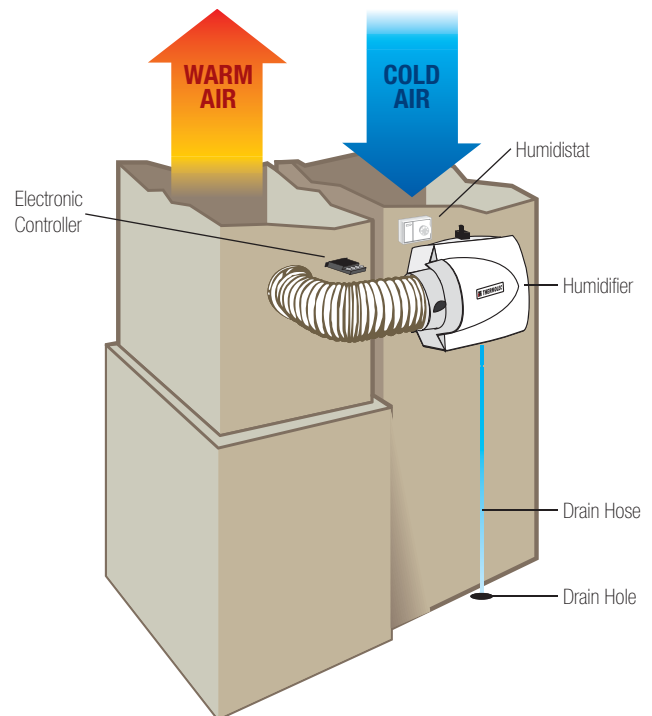

Humidifying Capacity*

- 2 Litres per hour
- 13 Gallons per day

* Based on 120 °F/49 °C entering air temperature, 165 CFM airflow

Special Features

- Suits any forced warm air heating system
- Left or right side flexible duct installation
- Mounts on either the supply or return duct (return duct recommended)
- Easily removable access door for quick inspection
- Components easily accessible for maintenance
- Cartridge pad coated for maximum evaporation
- Pulse flow control 24 VAC 12W
- Electric solenoid valve, 24 VDC from pulse control unit
- Transformer 120/24 volts AC
- Universal mount humidistat
- Bypass kit and damper supplied

Warranty

This humidifier is guaranteed against any defects in material and workmanship, under normal use, for one (1) year from the date of purchase. The frame and door are guaranteed for life against defects in material and workmanship, under normal use. This warranty applies only if the unit is properly installed and operated according to the instructions provided with this product. This warranty will not cover defects due to misuse or faulty installation. The manufacturer will not be held responsible for any damage caused by water leaking from this installation.

If warranty service is required during the warranty period, the distributor will, at its sole discretion, repair or replace the product, without charge, upon delivery of the product to the store where it was purchased, with proof of purchase.
